## Kellan's Blog Page

PEARLS PROEJCT

**Welcome to my PEARLS PROJECT Blog**  
February 15th, 2011

High School Junior, California

Living with 18q- Syndrome

Hello, I am Kellan and I am 18q-, which is a genetic disorder. The symptoms are short stature, hearing impairment, and many others. I am a Boy Scout who has achieved the rank of Star, and will try to go for Eagle. Every day, I run cross-country and track. Anime Club is my favorite thing to do after school on Thursdays. I have many friends that I talk to about video games.
